

SL - HAND HELD SPOTLIGHTS

Internationally recognised, the computer designed parabolic reflector and lightweight ergonomic design delivers a spotlight that is unequalled in light output, quality, durability and user comfort!

LIGHTFORCE produces a wide range of lights, designed to enhance any situation that requires superior portable lighting that will not let you down. Typical uses include hunting, fishing, boating, camping, security, military and police, surveillance and the observation of nocturnal animals.

3 REFLECTOR SIZES to suit any application you need!

- 140mm 'LANCE' (Compact but surprisingly powerful)
- 170mm 'STRIKER' (Our most popular performer)
- 240mm 'BLITZ' (Simply unequalled power and brilliance)

Unique innovative mounting options for any lighting scenario!

*5/16" (BSW) brass adaptor moulded into the removable handle insert. Remote Controls **RC150 / RC225** or Remote Swivel Bases **RSB / RSBM / RSBS** (See mounting systems for further information Pg.12-13).

Now that's a bright idea!

The insert in the bottom of the handle, can house a spare bulb that can be easily replaced in the field without tools. Try that with other lights! Yet another LIGHTFORCE innovation!

Get connected with two power cable options, your choice!

- *4.5 metre figure 8 flex with alligator clips
- *3.6 metre coil cord with cigarette lighter plug

COMPARE THE FEATURES!

- 1 Lightweight, hi-tech engineering polymer construction for extreme strength & durability.
- 2 Computer designed parabolic reflector for maximising bulb output and performance.
- 3 Reflector housing rotates to easily tailor beam pattern to suit the operator's requirements, flood or spot.
- 4 Quality ON/OFF switch for operator comfort and durability.
- 5 5/16 BSW durable brass ferrule for mounting options.
- 6 Ergonomically balanced handle for superior handling with user friendly texture to ensure 'no-slip' in adverse conditions.
- 7 High specification bulbs to ensure unequalled brightness.
- 8 Lanyard securing point for extra security.
